The Webletter

One Registered Camping-Type Vehicle and Boat Parked at a Time!

It's summertime! That means driving your RV to your favorite destination, boating on your favorite lake or river, and making fun memories with your friends and family. While planning your summertime adventures, please remember the **"Enfield Zoning Rules & Tips For Summertime Success."**

Where Do I Park My RV or Boat?

1. Simply park your registered RV or boat in your garage, side yard or rear yard of your home...no closer to your front property line than the front wall of your home. Be sure to keep your Boat and RV at least 5 feet from your rear yard property line. We recommend keeping them at least 5 feet from your side yard property line.

2. A guest RV is allowed on any residential lot for up to 14 consecutive days in 12 months. Simply park it in your garage, side yard or rear yard of

your home. No closer to your front property line than the front wall of your home.

3. RVs are not to be used for living quarters, storage or business-related activities.

The Town of Enfield wishes you a happy and safe summertime!

Visit us at www.thinkenfield.com. Please contact Planning & Zoning Office at 860-253-6355 or email us at planning@enfield.org for more information.

New Equipment at DPW

New pothole equipment from DPW provides permanent repairs during any season, freeing up time for employees to focus on other duties!

**Think
Enfield** Connecticut
.....
Advancing Progress, Achieving Success, Together

How may we help you?

Community Development:

Peter Bryanton and his team work tirelessly on the revitalization efforts in Thompsonville and other neighborhoods in Enfield by securing and managing grants, creating in an effort to make life better around town.

Chief Building Official:

Jim Taylor and his team permitted approximately \$100 million of construction projects in the last year...and are hard at work keeping our buildings safe.

Planning:

Starting a project and not sure where to turn? Visit *Rachel Blatt & Ginny Higley*, Assistant Planners, who will talk you through the regulatory process to make it easy and fair for all.

Zoning & Code Enforcement:

Meet *Tracie Beasley* our new Zoning & Code Enforcement Supervisor. She leads a stellar team that go out to handle blight and enforce our zoning codes, ensuring a high quality of life for Enfield residents.

We're here to help improve our local Town of Enfield economic community grow and prosper. We invite your feedback and being part of this success. Want to learn more?

Watch our Spring/Summer vNews Spring/Summer 2014 at www.thinkenfield.com. See you in Enfield!

Courtney Hendricson
Assistant Town Manager
Development Services

SAVE THE DATE:

Development Services Business Breakfast will be held on Wednesday, October 22 from 8-9:30 a.m. at Asnuntuck Community College.

Visit our new Business Information Technology Incubator (BITI)

We are excited to announce the launch of a Business Information Technology Incubator (BITI). The BITI is to be the go to place for meeting and working space; training opportunities and resources; and information technology advice and solutions for new and expanding Town of Enfield business owners to succeed in today's connected world.

The BITI offers three types of services to Enfield businesses:

- A computer lab, workspace, and meeting space for professionals to work and meet;
- Town offered training classes and
- Information Technology consultation services.

To learn more about the new (BITI) located at Thomas G. Alcorn School, 1010 Enfield Street in Historic Thompsonville District for Enfield businesses, please check out the BITI Request Form at www.thinkenfield.com.

District 2 Voting to Take Place at Enfield Street School

Beginning with the August 12, 2014 Republican Primary Election, and for elections during the next three years, Enfield Street School Gymnasium will be the House 258/Council District 2 voting location.

Additional Handicap Parking signs are being made by Public Works to direct handicap voters to the flat parking area next to the gym door on the north side of the building. Handicap parking signs currently stored at Enfield High for elections will also be used at this location.

Voters will be able to park in the rear parking lot of the building and enter through the double glass doors adjacent to the gym, using either the stairs or the handicap ramp. In addition, voters will be able to enter the building through the front door, and walk through the corridors to the gym entrance, if they park in the front of the building.

There will be two large signs near the school publicizing voting at the school on Enfield Street. In addition, we will arrange with Public Works to place a large sign at the entrance to Enfield

High specifying that voting now takes place at Enfield Street School.

The “where do I vote” feature on the town website was changed several months ago to direct all council district 2 voters to the Enfield Street School location. In addition, the State of Connecticut voter database system has been changed to reflect voting at Enfield Street School.

Summer Fun at ECDC!

The summer programs at the Town of Enfield Child Development Center are in full swing. The staff have planned many fun and exciting activities to enjoy both on and off site. Groups have been learning all about the beach, oceans, summer foods, creating Summer Bucket Lists, and even enjoyed a Luau as pictured above. Off site trips include

Quassy Amusement Park, The Connecticut Science Center and Stanley Park. A fun and learning filled summer is being had by all!!!

Is now offering
FREE WI-FI
on The Magic Carpet bus!

This will work with smart phones, tablets, or laptops that have Wi-Fi capabilities.

Enfield Emergency Medical Services Continues to Update Critical Medical Devices

Over the past two years Enfield EMS had begun to update and replace worn and older technology with newer and well supported key durable medical devices. This summer an additional Monitor/Defibrillator/Pacemaker was added to the essential

Jeffrey Bailey, Paramedic Student, Springfield College, Police Officer Bancroft, EMT Keith Taylor receive updated information from EMS Lt. Todd Cushing (center) on the new LifePack patient monitor.

equipment the EMS Teams utilize during emergency cardiac care.

When EMS re-

sponds to a call for help and there is suspicion that the individual could be suffering from a cardiac related illness, it is critically important to obtain a complete patient assessment on the spot. Part of that assessment is obtaining what is known as a 12-Lead EKG or electrocardiogram, which is essentially a picture of the heart's electrical activity. Because of the

compact size of our cardiac monitors, EMS is able to obtain a 12-lead EKG prior to transporting to the hospital. This 12-Lead EKG is of the same quality and type that would be obtained in the emergency department of a hospital.

The acquisition and interpretation of a 12-Lead EKG can have a direct effect on an individual's outcome. Enfield's Paramedics are able to read and interpret the 12-Lead EKG and, in consultation with an Emergency Physician, the EMS Team can deliver the patient directly to a cardiac "cath lab." The ability to recognize that an individual's cardiac illness should be managed in a specialty center has been proven to save lives and significantly reduce cardiac muscle damage.

The newer model cardiac monitors, known as LifePaks, produce a clearer image than the older technology. We are now able to view the monitor in direct sunlight, which was a challenge with older models. A specialized modem allows the transmission of the EKG to the emergency department so the physician can see

what the paramedic sees. This provides an additional layer of assurance that a correct reading of the EKG is accomplished.

The Lifepaks are able to be utilized as a typical Monitor/Defibrillator allowing EMS to monitor the patient's heart rhythm and if necessary, the ability to "shock" the patient's heart out of a dangerous rhythm and into a more regular life sustaining rhythm. In the event that the patient's heart is pumping ineffectively, the machine can be used as a pacemaker until a more permanent pacemaker can be implanted. Additionally, the Lifepack allows non-invasive monitoring of a patient's blood pressure, oxygen level as well as their CO2 level.

Because of the unpredictable nature of medical emergencies this is an important piece of equipment for Enfield EMS to have in all of our ambulances and our Command units. They can be deployed as a patient's condition dictates.

***Stay
Tuned!***

The Town has begun a move to a new website host. The new website will feature a new look and all the great content and functionality you've come to rely on. The IT Department is working with the Office of the Town Manager and CivicPlus to begin the process of redesign and content migration to the new system.

Updates on the Centennial Celebration from the Enfield Public Library

Our year long Centennial Celebration for the Pearl Street Branch Library may be half-way over, but exciting events are still coming your way courtesy of the Pearl Street Library Centennial Anniversary Committee!

Events on the agenda are:

-August 1 *E.T.* Movie on the Central Library Lawn!!! Join us for this classic family film on the Central Library Lawn, 104 Middle Road, at 9 PM.

-September 25 "Delving into 1914 and Beyond," presented by the Enfield Historical Society, at the Enfield Senior Center, Elm Street, at 6:30 PM.

-October 2 Andrew Carnegie impersonator with Richard Clark at the Pearl Street Library from 6-8 PM.

All events are free and open to the public. Be on the lookout for event listings via e-mail, press, library signage, and our library web page.

As well, no library celebration would be complete without books! The riveting series, "Book Discussions through the Decades," continues on the first* Monday of every month (*except September, held the second Monday) at the **Pearl Street Library** at 7:00

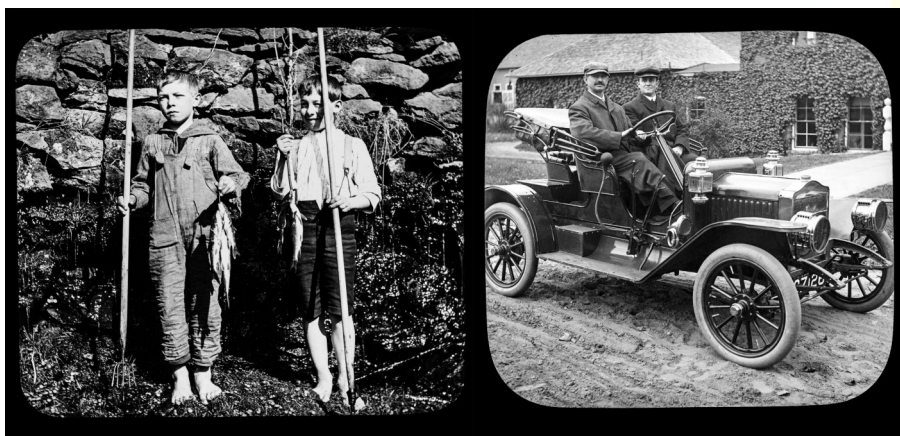

PM. Facilitated by special guest speakers, the discussions will feature popular bestsellers from each decade. Copies of each book featured in the monthly discussion will be available at either library location one month in advance of each discussion and a list of titles can be

found here: http://www.enfield-ct.gov/filestorage/91/109/Centennial_Book_Discussions.pdf

And don't forget to preserve your special library memories by purchasing a Time Capsule Memory Card at either library. On each card there is a space for your name, address, family information, and a special library memory. The cards will be collected through May 2015, when they will be placed in the Time Capsule for future generations to cherish.

To register for upcoming programs and events, please visit the Circulation Desk at either library, or call 860-253-6433 (Pearl Street Branch Library) or 860-763-7512 (Enfield Public Library). As well, please visit the library website: www.enfieldpubliclibrary.org, for more exciting Pearl Street Branch Centennial Celebration information!

Historic Photos on Display

This year, the Friends of the Library sponsored our Yale Collection Digitization Project. We have a collection of 241 glass slides taken by Rev. David Yale, former minister of the Congregational Church on Enfield Street. The pictures were taken around town in 1909. Images range from smiling parishioners, to homes in town, to schools and school children. These images are now accessible as digital files, and this conversion brings us much closer to our ultimate goal of hosting these images online! For more information contact the Reference Desk (860)763-7511.

The Summer in Recreation

Children on the Green

Wednesday Evenings

A special summer entertainment series for children will be held on Wednesdays at 6:30 PM on the Town Green (820 Enfield Street). In case of rain, the performances will be held indoors at the Angelo Lamagna Activity Center Gym (19 N. Main Street).

Summer Carnival

Thursday, August 7, 2014

Grab your family and friends for an evening of summer amusement! The summer carnival is a fun filled tradition, looked forward to by Enfield residents. There will be games, inflatables, face painting, prizes and more! A great event for children of all ages, the carnival is held at the Fermi High School tennis courts from **6:00 - 8:00 PM**. Please note: No pets allowed. *Rain site: Fermi High School Gym.*

Summer Coloring Contest

Youth up to age 13 may participate.

Do you love to color? Enter the Enfield Recreation Department's 1st Annual Summer Coloring Contest. Enfield youth will be able to choose between three pictures to color. You can use as many and whichever colors you like. All we ask is that you have fun! Coloring sheets and entry forms will be available at the Recreation Office beginning Monday, June 30th. Entries will be accepted until Friday, August 8th at 5 PM. For complete contest rules visit the Recreation Office or the Recreation Homepage. We look forward to seeing your creations.

Les Julian

July 30, 2014

Join Les Julian as he sings songs that foster connection, participation, thought, emotion and FUN. Using his guitar, mandolin, percussion and background tracks, this award winning children's performer is sure to entertain!
